So Comfy

These grippy shoes are the best most comfortable footwear for my barre and

★★★★★

Very grip-y!

I feel so much more stable and safe doing my lagree sessions. Colors are fun too so they are compliment magnets! Well worth the money spent!

Highly Devoted!

This pair is my second purchased - my first having been purchased almost 4 years ago. The reason for the second pair is purely color! I love blue but wanted to change it up from time to time. I must say these are truly valuable to my Pilates practice - I refuse to wear anything else - the security that is provided is... [Read more](#)

Yoga and Beyond

Use these for heated yoga and they are great when I travel and want to practice some yoga in my hotel room.

Yoga Socks Are Useless!

Grip shoes engineered for real stability, balance, and control in studio workouts. Designed to outperform socks in Barre, Pilates, Lagree, Reformer, and Yoga.

No Sliding. No Resets.

Locked-in grip through holds, transitions, and balance.

Finally Secure. Stay Focused.

Stay Focused. Grip and stability that let you move with confidence.

Ultimate Studio Grip

Unbeatable traction on studio floors, reformers, and mats.

Natural Toe Splay

Open-toe design for natural balance and control.

Second-Skin

Ultra-light, flexible feel—more control than socks.

Built to Last

No stretching out. No replacing socks.

SHOP GRIP SHOES

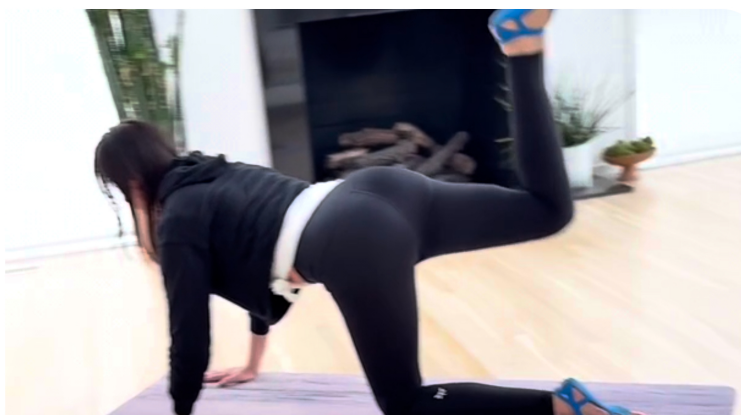

Train With Confidence!

Precision, Performance, Perfection

Grip, support, and freedom—perfected for every surface. Redefine movement with footwear that outperforms expectations.

NEVER LOSES SHAPE!

Never loses grip!

THINK OUTSIDE THE SOCK!

Barreletics are cool on your feet, allowing them to breathe while delivering unparalleled grip. Dive confidently into deep lunges during Barre, or when using the Pilates Reformer or Megaformer.

SHOP NOW

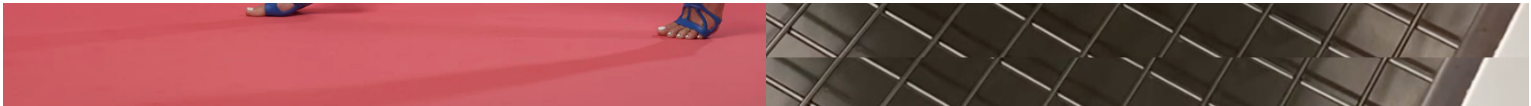

Built to Breathe

Does not carry bacteria like a sock.

It's that simple...

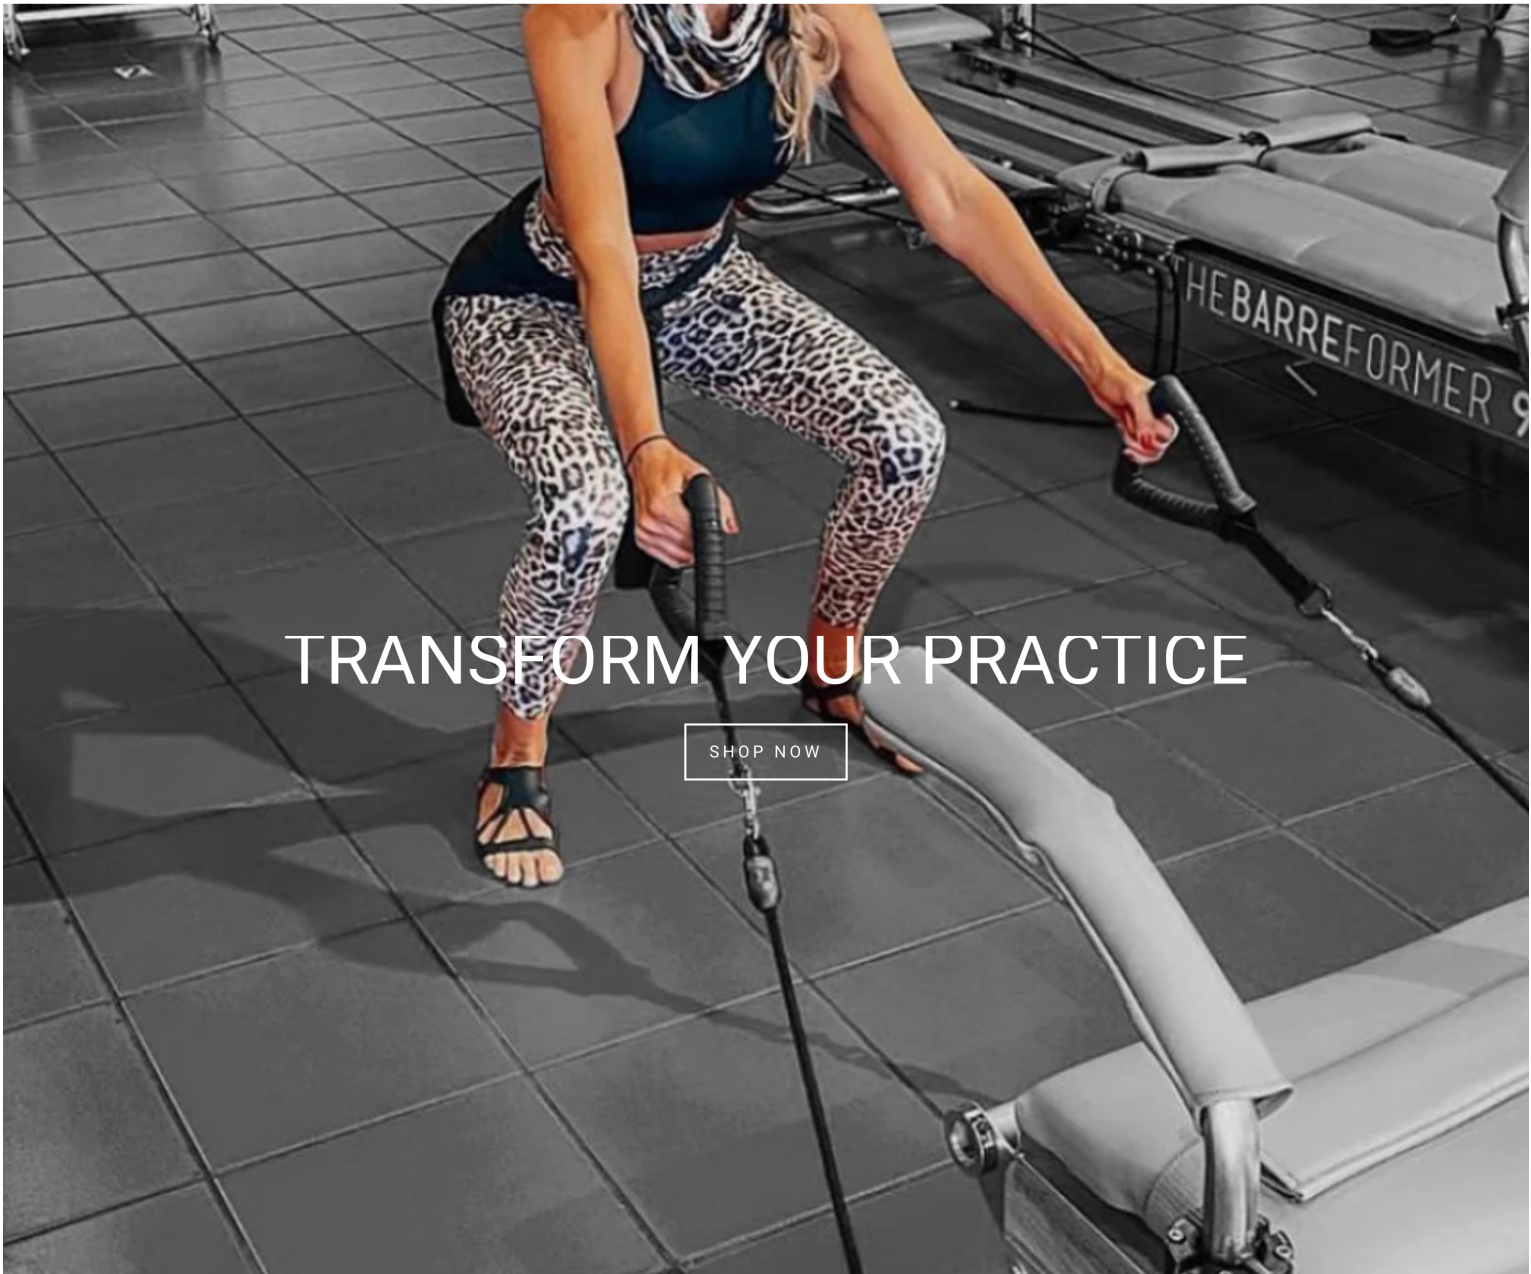

Fed Up With Yoga Socks?

- ✓ Do you love Barre & Pilates classes but don't get grip or support from your sock?
- ✓ Do your socks slide around when doing lunges or side plank?
- ✓ Are you always stopping to adjust your socks?
- ✓ Are your socks hot, sweaty and always dirty?
- ✓ Do they lose their grip after washing them?
- ✓ Can you clean your socks with a damp cloth?

OUR FOUNDER

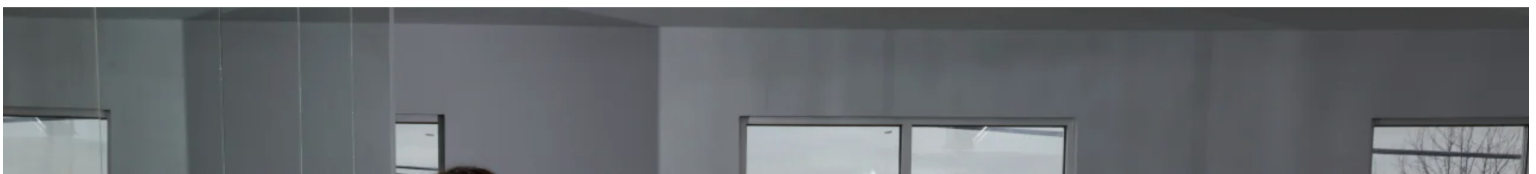

Our founder Stefanie Miller was inspired to create the perfect pair of Grippy Shoes after she was literally unable to "get a grip" during Barre practice.

After experimenting with multiple products, none of them achieved the high quality and performance they claimed. The lack luster of yoga socks inspired her to design a product with both function and style - Barreletics Performance Skin Grippy Shoes.

While modeling around the world, she fell in love with textiles while working for some of the best fashion designers throughout her career.

The injection molded Grippy Shoes provide the comfort, grip and support you've been looking for but just can't find with a *Yoga or Pilates Sock*.

Whether practicing at home or on the go, travel light and workout without having a yoga mat in tow. Our Performance Skins are like wearing a Yoga Mat on your feet!
